Neha Kulkarni

Software Developer | Frontend & Mobile

Mumbai, India | +91 98987 65432 | neha.kulkarni.dev@example.com | github.com/nehakulkarni

PROFESSIONAL SUMMARY

Frontend-oriented software developer experienced in React, Next.js, TypeScript, and React Native. Focused on accessible interfaces, reusable components, responsive design, and integrating modern web applications with backend APIs.

TECHNICAL SKILLS

TypeScript • JavaScript • React • Next.js • React Native • HTML • CSS • Tailwind CSS • REST APIs • Firebase • Git • Jest • Vite

EXPERIENCE

Frontend Developer Intern — PixelGrid Technologies | *Mar 2026 – Aug 2026*

- Developed reusable React and TypeScript components for dashboards and customer-facing pages.
- Integrated REST APIs and implemented loading, error, and empty states across major workflows.
- Improved mobile responsiveness and accessibility using semantic HTML and keyboard-friendly interactions.

UI Developer — Open Source Team | *2025 – 2026*

- Contributed frontend fixes and reusable UI components to student-focused open-source projects.
- Reviewed pull requests and documented component usage for new contributors.

PROJECTS

FitTrack Mobile | React Native • TypeScript • Firebase

Mobile fitness tracker with workout plans, progress logs, authentication, and cloud data sync.

StudyFlow | Next.js • TypeScript • Tailwind CSS

Responsive student productivity platform with tasks, notes, deadlines, and dashboard analytics.

EDUCATION

B.Tech in Computer Science & Engineering — Mumbai College of Engineering | 2023–2027

CERTIFICATIONS

React Developer • TypeScript Essentials • Responsive Web Design • Firebase Fundamentals
